Digital Green Book - Turnover Packet

William Powell Consulting

Contract #24-04398 and Contract #24-04372

Date: January 31, 2026

I. Executive Summary

This turnover packet contains all Work Product created by William Powell Consulting during the contract periods for the Greater Rochester Health Foundation (GRHF) Digital Green Book project. All items listed in Section II were created as part of contractual deliverables and are being transferred to GRHF as required.

Important Note: Meeting notes and governance documentation were created and maintained by Mrs. Juanita Lyde, GRHF's meeting facilitator and program coordinator, and are not part of William Powell Consulting's Work Product. To the best of my knowledge, these notes were placed in the Digital Green Book Google Drive managed by GRHF.

II. Items Included in This Turnover Packet (Contractual Work Product)

These items were created during the contract periods and fall under Foreground IP / Work Product.

1. Content Updates (Contractual Deliverable)

Text Updates Made During Contract Period

- **Homepage Hero Section:** Updated title, mission statement, and call-to-action buttons
- **Navigation Labels:** Standardized naming across all 11 community resource pages

 - Food Security
 - Mental Health & Parent Support
 - Healthcare Advocacy
 - Violence Prevention
 - Women's Empowerment
 - Substance Abuse Recovery
 - Reentry Services
 - Wellness & Mental Health
 - Fatherhood Support
 - Community Services
 - Latino Community Services
 - Civil Rights & Economic Empowerment
 - Women's Services
 - Disability Rights
 - Peer Support
 - Arts & Culture
 - Education & Youth
 - Business & Employment
 - Legal Services
 - Health Services

Content Drafts Created During Support Work

- Community resource category descriptions
- Service area definitions
- Organization profile templates
- Event submission guidelines

2. Onboarding Lists (Contractual Deliverable)

Notes Related to Onboarding Activities

- Organization verification process documentation
- Partner contact information collection protocols
- Service area mapping methodology
- Community focus categorization guidelines

Contact Lists Created During Onboarding Support

- Partner organization primary contacts
- Service provider emergency contacts
- Community liaison contact information
- Event coordinator contact lists

3. Meeting Notes & Governance Notes (NOT Work Product)

Meeting notes and governance documentation were created and maintained by Mrs. Juanita Lyde, the meeting facilitator and program coordinator, and are NOT part of William Powell Consulting's Work Product.

Notes from Meetings with GRHF Staff

- Meeting notes were created and kept by Mrs. Juanita Lyde (meeting facilitator/program coordinator)
- To the best of my knowledge, these notes were placed in the Digital Green Book Google Drive
- **NOT Work Product:** Created by GRHF's program coordinator, not by William Powell Consulting

Notes from Meetings with Common Ground Health/RIO

- Meeting notes were created and kept by Mrs. Juanita Lyde (meeting facilitator/program coordinator)
- To the best of my knowledge, these notes were placed in the Digital Green Book Google Drive
- **NOT Work Product:** Created by GRHF's program coordinator, not by William Powell Consulting

Notes from DGB Advisory Group Governance Sessions

- Meeting notes and governance documentation were created and kept by Mrs. Juanita Lyde (meeting facilitator/program coordinator) until she removed herself from the project
- To the best of my knowledge, these notes were placed in the Digital Green Book Google Drive
- **NOT Work Product:** Created by GRHF's program coordinator, not by William Powell Consulting

Clarification: William Powell Consulting attended meetings as requested but did not create or maintain meeting notes. All meeting facilitation and note-taking was handled by GRHF's designated program coordinator.

4. Weekly / Monthly Progress Updates (Contractual Deliverable)

▮ **All progress updates have been provided to GRHF during the engagement and are stored in the Digital Green Book Google Drive.**

Weekly Updates Provided During the 2024 Contract

- All weekly status reports submitted throughout 2024
- Week ending dates with completed tasks
- In-progress work documentation
- Blockers/issues identified and resolved
- Weekly priorities and planning
- **Location:** Digital Green Book Google Drive (GRHF-managed)

Monthly Updates Provided During the 2025 Contract

- All monthly status reports submitted throughout 2025
- Month/year summaries
- Major accomplishments and deliverables
- Metrics/analytics tracking
- Challenges addressed and solutions implemented
- Upcoming milestones and planning
- **Location:** Digital Green Book Google Drive (GRHF-managed)

- Community outreach materials
- Presentation decks and pitch materials
- **Location:** Digital Green Book Google Drive (GRHF-managed)

Marketing Strategy

- Comprehensive marketing strategy documentation
- Target audience analysis and personas
- Channel strategy and tactics
- Content marketing plans
- Community engagement strategies
- **Location:** Digital Green Book Google Drive (GRHF-managed)

Rollout Plan

- Launch strategy and timeline
- Phase-by-phase rollout documentation
- Community partner engagement plans
- Success metrics and KPIs
- Implementation guidelines
- **Location:** Digital Green Book Google Drive (GRHF-managed)

III. Items Not Included (Protected Background IP)

These items are not Work Product and are not required under either contract.

A. Digital Green Book Platform (Background IP)

The following items constitute Background Intellectual Property owned by William Powell Consulting and are **NOT** included in this turnover:

Source Code

- Core application architecture and design patterns
- Proprietary code structures and frameworks
- Custom utility functions and helper libraries
- Original codebase developed prior to contract engagement

Architecture

- System architecture design
- Database design patterns
- API architecture and routing logic
- Integration patterns and middleware

Database Schema

- Database structure and relationships
- Table definitions and indexes
- Data models and entity relationships
- Query optimization strategies

UI/UX

- Original user interface designs
- User experience workflows
- Design system and component library
- Interaction patterns and animations

Design Files

- Original design mockups and wireframes
- Brand guidelines and style guides
- Design assets and icon libraries
- Prototype files and design specifications

Backend Structure

- Server configuration and setup
- Deployment scripts and automation
- Security implementations
- Performance optimization techniques

Hosting Accounts

- Cloudflare account credentials
- GitHub repository administrative access
- CDN configurations
- DNS and domain management

Administrative Access

- Platform admin credentials
- Database administrative access
- Server access credentials
- Third-party service account credentials

Technical Documentation Created Prior to Contract

- Pre-contract technical specifications
- Original development documentation
- Architecture decision records from before engagement
- Pre-existing code comments and documentation

Any IP Created Outside Contract Scope

- Features and functionality developed outside contract requirements
- Experimental prototypes and proof-of-concepts
- Personal tools and utilities used in development
- Proprietary development methodologies

B. App-Generated Data (Not Contractual Work Product)

The following data is generated by the platform and is **NOT** Work Product:

Analytics

- Website traffic statistics
- User behavior metrics
- Page view analytics
- Conversion tracking data

Dashboard Data

- System performance metrics
- Resource usage statistics
- Error logs and monitoring data
- Uptime and availability data

User Data

- User accounts and profiles (if any)
- Session data
- Authentication tokens
- User preferences and settings

Platform Metrics

- System health metrics
- Database performance data
- API usage statistics
- Cache hit rates and performance data

Backend Logs

- Application logs
- Error logs
- Debug logs
- Security logs

C. Voluntary Work Not Required by Appendix A

The following items were created voluntarily and are **NOT** contractually required:

Early Prototypes

- Initial concept designs created before contract
- Proof-of-concept demonstrations
- Technology evaluations and comparisons
- Experimental features not in scope

Strategy Documents

- Long-term platform vision documents
- Strategic planning materials created outside contract scope
- Market research and competitive analysis
- Business development proposals

Design Concepts

- Alternative design directions explored
- Unused design variations
- Conceptual mockups not requested in contract
- Design exploration and experimentation

Any Materials Not Tied to Contracted Support Work

- Personal notes and brainstorming documents
- Independent research conducted outside contract hours
- Unrequested documentation or guides
- Voluntary improvements beyond contract scope

IV. Statement of Compliance

Work Product Transfer Confirmation

All Work Product created during the contract periods (Contract #24-04398 and Contract #24-04372) has been provided to the Greater Rochester Health Foundation through the following mechanisms:

1. Digital Green Book Google Drive (GRHF-managed and controlled):

- All weekly progress updates (2024 contract)
- All monthly progress updates (2025 contract)
- All formal reports and deliverable documentation
- All marketing materials and brand assets
- Complete marketing strategy documentation
- Comprehensive rollout plan and implementation guides
- Community engagement and partnership materials
- **Note:** Meeting notes were created by Mrs. Juanita Lyde (GRHF program coordinator), not by William Powell Consulting

2. During the engagement through:

- Regular status updates and progress reports
- Content updates delivered as part of ongoing support
- Bug fixes and maintenance activities documented and implemented
- Technical support provided during contract periods
- Meeting attendance and participation (notes kept by GRHF program coordinator)

3. In this turnover packet including:

- Complete content update documentation
- Onboarding lists and partner organization documentation (54 organizations)
- Recent development work summary (January 2026)
- Maintenance and support activity summary

No Additional Work Product

William Powell Consulting hereby certifies that:

- No additional Work Product exists beyond what is listed in Section II of this turnover packet and what has been provided in the Digital Green Book Google Drive
- All contractually required deliverables have been provided to GRHF
- All content updates, progress reports, and support documentation created during the contract periods have been provided
- All onboarding lists and organizational contact information developed during the engagement have been provided
- All marketing materials, marketing strategy documents, and rollout plans have been provided in the Digital Green Book Google Drive
- GRHF has full access to all Work Product through the Google Drive and this turnover packet
- **Meeting notes were created and maintained by Mrs. Juanita Lyde (GRHF's program coordinator) and are not part of William Powell Consulting's Work Product**

Background IP Retention

William Powell Consulting retains ownership of:

All Background Intellectual Property as defined in: - Section 3 of Contract #24-04398 - Section 3 of Contract #24-04372

This includes, but is not limited to: - The Digital Green Book platform source code - System architecture and design - Database schemas and structures - UI/UX designs and implementation - Backend infrastructure - Hosting and deployment configurations - Administrative access and credentials - All technical IP created outside the contract scope - App-generated analytics and system data - Any voluntary work not required by contract

Acknowledgment

This turnover packet, together with all materials previously provided in the Digital Green Book Google Drive, constitutes the complete transfer of all Work Product as required under Contract #24-04398 and Contract #24-04372.

The Greater Rochester Health Foundation receives full rights to use, modify, and distribute: - All items listed in Section II (Contractual Work Product) - All materials provided in the Digital Green Book

Google Drive including meeting notes, progress updates, reports, marketing materials, marketing strategy, and rollout plans

All rights are transferred in accordance with the contract terms.

All items listed in Section III (Background IP and excluded items) remain the sole property of William Powell Consulting and are not transferred as part of this engagement.
